Disclaimers

- **This material shall be read in conjunction with Ascendas Real Estate Investment Trust ("Ascendas Reit")'s announcement titled "Proposed acquisition of two United States properties located at 505 Brannan Street & 510 Townsend Street, San Francisco, California, United States" on 10 November 2020.**
- This presentation is for information only and does not constitute an invitation, offer or solicitation of any offer to acquire, purchase or subscribe for units in Ascendas Reit ("Units").
- This presentation has been prepared by Ascendas Funds Management (S) Limited, in its capacity as the manager of Ascendas Reit (the "Manager") and includes market and industry data and forecast that have been obtained from internal survey, reports and studies, where appropriate, as well as market research, publicly available information and industry publications. Industry publications, surveys and forecasts generally state that the information they contain has been obtained from sources believed to be reliable, but there can be no assurance as to the accuracy or completeness of such included information. While the Manager has taken reasonable steps to ensure that the information is extracted accurately and in its proper context, none of the Manager or any of its officers, representatives, affiliates or advisers has independently verified any of the data from third party sources or ascertained the underlying economic assumptions relied upon therein.
- No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. The information contained in this presentation, unless otherwise specified, is only current as at the date of this presentation. To the maximum extent permitted by law, the Manager and its officers, directors, employees and agents disclaim any liability (including, without limitation, any liability arising from fault or negligence) for any loss howsoever arising, whether directly or indirectly, from any use, reliance or distribution of this presentation or its contents or otherwise arising in connection with it.
- This presentation may contain forward-looking statements that involve assumptions, risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of property rental income and occupancy, changes in operating expenses, including employee wages, benefits and training, property expenses and governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support Ascendas Reit's future business. Investors are cautioned not to place undue reliance on these forward-looking statements, which are based on the Manager's current view on future events.
- The Manager expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement or financial information contained in this presentation to reflect any change in the Manager's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement or information is based, subject to compliance with all applicable laws and regulations and/or the rules of the SGX-ST and/or any other regulatory or supervisory body or agency.
- The value of Units and the income derived from them, if any, may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, the Manager or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested. Investors should note that they will have no right to request the Manager to redeem or purchase their Units for so long as the Units are listed on the SGX-ST. It is intended that unitholders of Ascendas Reit may only deal in their Units through trading on the SGX-ST. Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units. The past performance of Ascendas Reit is not necessarily indicative of the future performance of Ascendas Reit.
- Any discrepancies between the figures in the tables and charts and the listed amounts and totals thereof are due to rounding.
- The securities of Ascendas Reit have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") or under the securities laws of any state or jurisdiction of the United States of America ("US"), and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with any state securities laws. The Manager does not intend to conduct a public offering of any securities of Ascendas Reit in the US.

Market Outlook

Market Outlook

- The International Monetary Fund (IMF) projected global growth for 2020 to be -4.4%, an improvement from the 4.9% contraction projected in Jun 2020, due to better than expected 2Q GDP performance mostly in advanced economies.
- The Singapore economy contracted 7% y-o-y in 3Q 2020 (2020 GDP forecast: -7.0% to -5.0%). Uneven recovery is expected as sectors such as manufacturing, technology and financial services should contribute positively whilst the hospitality and aviation sectors remain challenging.
 - Between 2021 and 2024, around 4.4m sqm of industrial space (~8.8% of existing stock) is expected to be completed.
 - Companies remain cautious and are expected to continue to put their business and expansion plans on hold until there is greater clarity on the COVID-19 situation in Singapore and globally.
 - The lacklustre demand coupled with the high amount of new completions are expected to weigh on rents and occupancy rates for industrial space.
- The Australian economy contracted by 6.3% y-o-y in 2Q 2020 (2020 GDP forecast: -3.9%). China and Australia's souring relationship will add to the headwinds faced by businesses. The Australian government announced a stimulus budget that could result in a record A\$214b deficit to cut income tax, create jobs and stimulate the business investment.
 - The Australian logistics portfolio continues to deliver stable performance as they are well-located in key cities of Sydney, Melbourne and Brisbane, has a long WALE of 4.3 years and enjoys average rent escalations of ~3% per annum. The logistics sector remains one of the most resilient amongst all major property sectors.

Market Outlook

- In 2Q 2020, the UK economy contracted by 21.5 % y-o-y (2020 GDP forecast: -10.0%). The economy remains fragile amidst challenging Brexit negotiations and rising COVID-19 cases.
 - Ascendas Reit's UK portfolio has a long WALE of 9.0 years, which will help to mitigate the on-going uncertainties.
- The US economy shrank 9.0% y-o-y in 2Q 2020 (2020 GDP forecast: -4.0%). Whilst some economists are predicting an uptick in 3Q, the high unemployment rate (still above pre COVID-19 levels), resurgence of COVID-19 cases and US election uncertainties could bring disruption to the economy recovery.
 - Ascendas Reit's properties located in US tech cities are well-positioned to benefit from the growing technology and healthcare sectors.
- Generally, there remains uncertainty worldwide due to the resurgence of COVID-19. The economic outlook is expected to be challenging and this could impact the performance of Ascendas Reit. The Manager will continue to work closely with its tenants through these difficult times and keep a close eye on the changing situation so that we will be able to respond accordingly to protect Unitholders' interests. Ascendas Reit's well-diversified portfolio and tenant base should help us to mitigate the challenges ahead.
